Last Meeting

For our program: Ken Beauchamp showed pictures and told us about his mission trip to a boy's orphanage in Honduras which is located about 10 degrees north of the equator in Central America. Ken told us about the extreme poverty and harsh living conditions there. The houses are crude hand made wood structures. They have no cars but lots of taxis.
Thanks to Ken for this interesting and needy project.

Visitors and Guests

Last meeting we welcomed:
Jean Leitnaker, guest of Jim.

LIGHTER SIDE

If you don't know where you are going, any road will take you there!
